Dear Mr Dawson

LICENCE RENEWAL

Thank you for your renewal fee. A new licence card will be forwarded to you shortly.

Your Maximum Revenue for your financial year is **\$800,000.00** and your next renewal date will be **16 September 2024**.

QBCC requires you to satisfy the Minimum Financial Requirements at all times. It is a breach of your licence conditions to exceed your Maximum Revenue by more than 10% during the financial year without notifying QBCC. You may increase your maximum revenue at any time but where that increase is expected to exceed 10% you must first provide QBCC with updated financial information which satisfies the Minimum Financial Requirements for the higher activity level.

It is also a breach of your licence conditions to reduce your level of Net Tangible Assets by more than 30% from the end of your last financial year without notifying QBCC within 30 days of the decrease. Any reduction in your Net Tangible Assets automatically reduces your Maximum Revenue.

Failure to notify QBCC of the above changes to your Maximum Revenue or Net Tangible Assets is a breach of the Minimum Financial Requirements, which can result in suspension or cancellation of your licence.

Yours faithfully

Graham Easterby
